LOCAL TEAMS

Local Expertise - 24/7 Response

Our local teams in Milford Haven and Pembroke Dock are highly skilled in marine services and have a wealth of local knowledge. With equipment and vessels based on The Haven, the teams are able to respond 24/7.

OUR SERVICES

Port Services & Renewables Support

Around Milford Haven and it's approaches, our port services and renewables support include mooring work, towage, crew transfers, cargo and stores deliveries, anchor handling, cargo handling and road transport.

EQUIPMENT HIRE

We have a comprehensive range of mooring and deck equipment available to charter, including winches, hydraulic spud lifters, fenders and containers. We can also provide a range of different cranes from crawler cranes, which can be mobilised on to flat top barges or operated from the quayside at Pembroke Port, to knuckle boom cranes.

OUR FLEET OF VESSELS

One of the largest fleet of flat top barges and workboats in UK

The fleet can be supplied and equipped for a multitude of jobs including surveys, offshore energy, towage and supporting marine civils, crane barge operations, rock carrying, project cargo transportation, civil engineering support, pipeline and cable work.
